MHA tribal WQS draft Dec 2021.docx

Hi Mary and Josh, I hope your holidays were stellar!

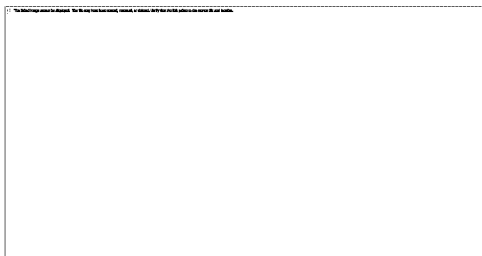

Attached is a **very** rough draft of TAT's WQS. I added information and sample language from EPA's Model WQS template as well as some WQS language from Standing Rock's and North Dakota DEQ's WQS. Hopefully, this draft is something you can work from.

Also, check out the website below which I reference in your WQS. Here you can find the WQS model template, the human health criteria calculator, and you can access a TAS application template.

Please call or text anytime with questions!

Happy New Year!
